BUSINESSES

We design personalised eLearning modules tailored to your business requirements, ensuring accessibility for those with additional needs. Our solutions are aligned with your brand's identity. With our flexible development plans, you can easily refresh your training content to ensure ongoing relevance and effectiveness.

## What we offer our clients

### What's included in an eLearning build

- Inclusive working style
- Personalised voiceovers
- Specific quiz content
- 15 client edits requests per eLearning, including quiz question edits
- Client branding
- Client branded certificate for CPD accreditation
- Action-mapped approach for best learning outcomes
- Content supplied 2 months before agreed delivery date

-----  
Alternatively, we can create a custom eLearning course tailored to your requirements, without including CPD accreditation, should you prefer.
